OFFICIAL PAPER OF COUNTY.

SATURDAY, SEPTEMBER 18, 1875.

## LOCAL DEPARTMENT.

### TO THE PUBLIC.

For our own protection we hereby agree to furnish no proofs of publication for any legal advertisement of any description, published by us, from and after the date hereof, until the cost of such advertising is paid.

W. T. McEwen,  
Publisher. The Iowa Register.  
Dated Feb'y. 19th, 1875.

DAVIS will sell you an Overcoat for the winter, very cheap.

Handsome Bouquet Ribbons at YATES'.

PAPER COLLARS and TIES and Bows—Late Styles—at DAVIS'.

JNO. FRANCIS & Co. are selling Lake Salt at \$2.70; Ohio River at \$2.50 per barrel. Call and see them if you want salt. Warranted not to have been watered by the Mississippi.

Davis now offers his Entire Stock at very low figures.

Six Dozen New BELTS at YATES'.

CALL ON DAVIS FOR A GOOD HAT—CHEAP.

Do not leave Furniture, Farming Tools or any kind of property that can be used lying around in your way, but leave it with HAYWORTH at the Eureka Store. He will pay you Cash, or sell it for you at public or private sale.

Davis has a few more pairs of Misses, Rochester, Serge and Goat Shoes—the best in the market.

Real Jet Bracelets and Sets for Ladies, at YATES'.

Boys should call on Davis for a pair of those ROCHESTER BOOTS for Winter.

Handsome and Cheapest Jewelry in town, at YATES'.

Women's Croquet Slippers and Newport Ties at Davis'.

Go to Davis for Coats, Pants, or Shirts.

D. R. Hovey was in town last Thursday.

Oats are selling for twenty cents a bushel.

Castor beans are being brought to market.

The demand for quinine is on the increase.

Fruit cans have been in demand this week.

There is great complaint about the mosquitoes.

A number of movers passed through town this week.

Castor beans are selling at \$1.00 and \$1.10 per bushel.

The hay press has been running again this week.

Geo. A. Bowles has returned home from his trip east.

Charley Steele has returned to his farm near Geneva.

Prairie fires are reported in some parts of the State.

Geo. H. Requa is agent for the Ft. Scott Marble Works.

A pony race last Saturday afternoon and one again last Monday.

The sorghum crop is being cared for. Next comes the buckwheat.

Candidates are expected to spend at least one day at our county fair.

Bowers' patent wrench was on exhibition at Kansas City this week.

Mr. J. P. Boyd started last Monday on a visit to his home in Ohio.

Quite a number of persons on the Osage are reported on the sick list.

Mrs. C. G. Northrup, of Geneva, has a public sale on Saturday Sept. 25th.

We have heard of a single aspirant for Representative. What's the matter?

Some of the finest peachers of the season were brought to town this week.

The Methodists have a basket meeting to-morrow at the grove on Bancroft's farm.

As fine peaches as were ever grown in any market were brought to town this week.

Again we would make inquiries about our correspondents from the "out townships."

The display of farm products at the fair this fall will undoubtedly be the best ever made.

There will be a union Sunday School Concert at the Presbyterian church to-morrow evening.

Henry Andrews, one of the types of the Humboldt Union was in our town last Wednesday.

Fred Moffatt took the first premium on wagon springs at the Kansas City exposition this week.

The weather has been such that Proctor's ice has continued to be a luxury this week.

Hunt out your big corn and try for the premium of five dollars offered by Bowles and Acers.

The office-seek-the-man party in this county are now wanting an "available" man for Treasurer.

Mr. Duncle, of Geneva township, thinks his corn will average one hundred bushels to the acre.

There will be quite a number of fast horses at our fair to compete for premiums in the speed ring.

It is expected of every man, woman and child in Allen county that they attend our county fair.

The standard for first class peaches in this market is that they measure nine inches in circumference.

Bowles sold some land in the northern part of the county last Thursday, to Mr. John Bliss, late of Illinois.

Franklin Sprague, a deaf and dumb boy, was sent by Mr. John Francis to the asylum at Olathe last Monday.

Mr. D. C. Adams gave us one day this week some of the finest specimens of seedling peaches we have ever seen.

There are not as many men as usual who are willing to sacrifice their valuable time for the cause of the people.

Mr. A. W. Beck has again, after quite a siege of typhoid fever, put in his appearance at his grain and feed store.

B. Hayworth, of Parke county, Ind., is visiting with his brother in this place. He will probably spend the winter here.

Adolph Buser started for Texas last Monday. If he finds a good location for a furniture store he will open up one.

We are glad to see that Dr. Knowlton has so far recovered from his attack of the dropsy as to be able to get to town.

Some of our farmers have pumpkins and squashes that are so large they are at a loss to know how to get them to the fair.

The kind of inflation that is needed in Kansas is to have our granaries and cellars inflated with the fruits of the land.

The quarterly conference of the M. E. Church of this place commences to-day, at Rose Hill school house, east of town.

R. N. Baylies, of Osage Mission, Neosho county, announces himself as a candidate for Judge of the 7th Judicial District.

Mr. Beck has purchased some five hundred bushels of flax seed. More than was thought to have been saved from the wet weather.

Capt. Somers, of Neosho Falls, was in our city last Tuesday. He reports large sales of the M. K. & T. lands in this county.

Mr. Bear, in the eastern part of our county, has engaged seven thousand bushels of corn, to be delivered at twenty cents per bushel.

Wm. Hempstead, who left here last winter for Illinois, has returned. He returns satisfied that Kansas is better than any place he could find.

There has been a change in agents at the depot. Mr. Embree has moved to White Cloud and Mr. Campbell, of Baxter Springs, has taken his place.

The two meat shops have been united, and it is proposed by the present firm to keep a greater variety of fresh meats than was kept by both establishments heretofore.

That peanuts are especially adapted to the soil of this country any one will admit who will call and examine a bunch of the vines, with nuts attached, sent us by Mr. Templin.

Before the time of the Republican convention it would be a matter of interest to the printers to have two or three candidates announced for each and every office to be filled.

If our farmers doubt the propriety of raising beets as a feed for their stock they should take a look at the samples in Bowles' office. Nine pounds and a quarter is what an ordinary one weighs.

Those who keep a record of the weather say that in 1874 in this State we had over six months without a severe frost, the last in the spring was on the 9th of April and the first in the fall October 23d.

A. A. & L. C. Munger have purchased Adam Maier's meat market and have united the two shops at Maier's old stand. Under the new management Mr. Morgan continues to wait upon his numerous friends.

The following persons from this place were at the exposition at Kansas City this week: E. N. Yates, J. F. Colborn, B. Brewster, C. M. Simpson, J. W. Bartlett, Wm. McClure, Lon Northrup, Mrs. L. L. Northrup, Adam Maier.

If Webb Bostwick would take the trouble to "dig" up one of his largest beets we have no idea what would be the length of it, but of those he "pulled" up a sample left in this office measures full three feet in length. How is that for "long"?

T. S. Stover, of Humboldt, announces himself as a candidate for County Clerk, subject to the Republican convention. We are not personally acquainted with Mr. Stover, but he is represented to us as a man well qualified to do the business of that office.

Our County Clerk, H. A. Needham, comes to the front and announces that he is a candidate for re-election to that office. He is well qualified for the position and makes an efficient officer, and we would say to the Republican nominee, whoever he may be, (not for the purpose of discouraging him but to impress on him the importance of making a vigorous campaign), that Mr. Needham is going to be "bad to beat."

The tallest wild grass we have seen is a bunch at John Francis & Co's—it measures eight feet. Some of our farmers say they can furnish specimens that will beat that two feet. Get such things ready for exhibition at the county fair.

The County Attorney of Neosho county, Mr. Allen, accompanied by his wife and Mrs. Smock, his wife's mother, made Mr. and Mrs. E. N. Yates a visit last week. Mr. and Mrs. Allen returned home on Monday and Mrs. Smock started for her home at Greencastle, Ind.

Judge Talcott returned from Wilson county last Thursday evening. After holding court for two days and disposing of some twenty cases, at the request of the attorneys and jurymen he adjourned court till the 9th of November. The people there wished to attend the fair.

Last spring Frank Power brought us a small bunch of blue grass the spears or blades of which were three feet long. Can he or some one else in the county get up a bundle as good as this for the centennial? It would be a good answer to the question, "will tame grasses grow in Kansas?"

We just learned that there was another bachelor less in the county. Mr. John Griffith and Miss Paske were married at Ft. Scott week before last. Many of John's friends have felt uneasy about his living away out on the prairie by himself and we publish the news of his marriage at this late day that they may now rejoice with him.

Mr. G. M. Brown is a candidate, subject to the Republican convention of this county, for re-election to the office of Register of Deeds. He is an old resident of the county and has been long and favorably known both as a citizen and as a public officer. If he receives the nomination—which is pretty certain—he is sure to be elected.

In THE REGISTER of the 4th inst. we published a letter from the State Board of centennial managers, stating that the exhibition made by our State at the centennial exposition at Philadelphia next year would be by counties, and giving a list of the articles it was desirable each county should furnish. We believe it is possible for Allen county to take the premium on many of the farm products, if our farmers will hunt up their best specimens. Persons having samples of corn or other grain, grasses, or anything called for in the published list can leave it with Geo. A. Bowles and it will be taken care of and the best specimens will be properly labeled and forwarded to the State Board of Centennial Managers. Never again will our people have such an opportunity for advertising as the one that is now offered them by the exhibition of the wonderful products of our soil at the centennial.

ATTENTION! PUBLIC MEETING. There will be a public meeting at the court house to-day at 2 o'clock for the purpose of organizing a County Centennial Board of Managers. Allen county has raised the produce with which to astonish the world, if the proper means are taken to exhibit it—and that this may be done we have been requested to call a meeting as above mentioned. Turn out everybody.

A FIVE DOLLAR PREMIUM ON CORN. Geo. A. Bowles and Nelson F. Acers authorize us to announce that they will pay a premium of five dollars for the best samples of corn, as follows: Five stalks, pulled up by the roots, grown on up land and five stalks grown on bottom land. The corn to be left at Bowles' office. If one man can furnish the best upland and bottom corn he will get the five dollars, but if one man has the best upland and another the best bottom corn the premium will be divided. These gentlemen make this offer to induce men to bring in their corn that good specimens may be procured for the centennial. Bring on your big corn, not so much for the premium as to show what this portion of drouthy Kansas can produce.

REFORM COUNTY CONVENTION. A delegate convention of the Reform party of Allen county will be held on Saturday, October 9th, at 1 o'clock P. M., at the court house in the city of Iola, for the purpose of nominating candidates for the following offices: County Treasurer, Sheriff, County Clerk, Register of Deeds, Coroner, Surveyor, County Commissioners, Representatives for the 47th and 48th Districts, and for the election of a County Central Committee for the ensuing year. The present Central Committee will meet at the court house, at 10 o'clock A. M., on the day above named. Primary meetings will be held Saturday, October 2nd, 1875, at 1 o'clock P. M., at the school house of each school district, to select delegates to attend the County Convention, as follows: From each school district, one delegate, and from Humboldt and Iola cities, two delegates from each city. At the time of holding the primary meetings delegates will be chosen to attend the conventions to be held in each township, on the 9th day of October, 1875, for the purpose of nominating candidates for the township offices. C. C. KELSEY, Chairman.

### VEGETINE

Purifies the Blood, Renovates and Invigorates the Whole System.

Its Medical Properties are

Alterative, Tonic, Solvent and Diuretic.

VEGETINE is made exclusively from the juices of carefully selected herbs, roots and barks, and so strongly concentrated that it will effectually cleanse the system from every kind of Scrofula, Scrophulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilis, skin diseases, Eczema, Eruptions, and all diseases that arise from impure blood. Scrophulous and Cancerous Humors, Venereal Disease, Gonorrhea, Syphilis, and all diseases that arise from impure blood. Scrophulous and Cancerous Humors, Venereal Disease, Gonorrhea, Syphilis, and all diseases that arise from impure blood.

For Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhoea, and all internal ulcerations and ulcers of the bladder and General Debility, VEGETINE acts directly upon the system, and cures the disease. It invigorates and strengthens the whole system, acts upon secretory organs, allays inflammation, cures ulcerations and regulates the bowels.

For Catarrh, Dyspepsia, Habitual Constipation, Palpitation of the Heart, Headache, Stomachic Disturbance, and all diseases of the Digestive System, VEGETINE acts directly upon the system, and cures the disease. It invigorates and strengthens the whole system, acts upon secretory organs, allays inflammation, cures ulcerations and regulates the bowels.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries who we know to prescribe and use it in their own families.

VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable BLOOD PURIFIER yet placed before the public.

Are not the many testimonials given for the different complaints satisfactory to any reasonable person suffering from any of the diseases mentioned above, that they can be cured? In many of these cases the persons say that their pain and suffering cannot be expressed, as in cases of Scrofula, where apparently the whole body was one mass of corruption. If VEGETINE will relieve pain, cleanse, purify and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the Great Blood Purifier. The great source of disease originates in the blood and no medicine that does not act directly upon it, to purify and renovate; but first claim your public attention. When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the VEGETINE will renew the blood, carry off the impurities, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body. The conviction is, in the public mind as well as in the medical profession, that the remedies supplied by the Vegetable Kingdom are more safe, more successful in the cure of disease, than mineral medicines. VEGETINE is composed of roots, barks and herbs. It is pleasant to take, and is perfectly safe to give to an infant. Do not need to hesitate to try it. You will never regret it.

Vegetine is Sold by all Druggists.
